

Chapter A155

CABLE TELEVISION FRANCHISE

[HISTORY: Adopted by the Board of Supervisors of the Township of North Londonderry 5-12-1992 by Ord. No. 91 (Ch. A106 of the 1991 Code). Amendments noted where applicable.]¹

§ A155-1. Word usage; definitions.

- A. When not inconsistent with the context, words used in the present tense include the future tense, words in the plural number include the singular number, and words in the singular number include the plural number.
- B. For the purpose of this ordinance, the following terms, phrases, words and abbreviations shall have the meanings ascribed to them below:

AFFILIATE — An entity which owns or controls, is owned or controlled by or is under common ownership with grantee.

BASIC CABLE — The tier of service regularly provided to all subscribers that includes the retransmission of local broadcast television signals.

CABLE ACT — The Cable Communications Policy Act of 1984, as amended.

CABLE SERVICE — The one-way transmission to subscribers of video programming or other programming service, and subscriber interaction, if any, which is required for the selection of such video programming, or any other lawful communication service.

CABLE SYSTEM — A facility consisting of a set of closed transmission paths and associated signal generation, reception and control equipment or other communications equipment that is designed to provide cable service and other service to subscribers.

FCC — The Federal Communications Commission, or successor governmental entity thereto.

FRANCHISE — The initial authorization, or renewal thereof, issued by the franchising authority, whether such authorization is designated as a franchise, permit, license, resolution, contract, certificate or otherwise, which authorizes construction and operation of the cable system for the purpose of offering cable service or other service to subscribers.

FRANCHISING AUTHORITY — The Township of North Londonderry or the lawful successor, transferee or assignee thereof.

GRANTEE — CMA Cablevision Associates V, L.P., or the lawful successor, transferee or

¹. Editor's Note: Resolution 5-12-1992, adopted 5-12-1992, approved the transfer of the cable television franchise from CMA Cablevision Associates V, L.P., to Suburban Cable TV Co., Inc. Resolution 08-20-2007B, adopted 8-20-2007, approved and enacted a cable television franchise agreement between the Township and Comcast of Southeast Pennsylvania, Inc.

assignee thereof.²

GROSS REVENUES — The monthly cable service revenues received by the grantee from subscribers of the cable system.

PERSON — An individual, partnership, association, jointstock company, trust corporation or governmental entity.

PUBLIC WAY — The surface of and the space above and below any public street, highway, freeway, bridge, land path, alley, court, boulevard, sidewalk, parkway, way, lane, public way, drive, circle or other public right-of-way, including but not limited to public utility easements, dedicated utility strips or rights-of-way dedicated for compatible uses and any temporary or permanent fixtures or improvements located thereon now or hereafter held by the franchising authority in the service area which shall entitle the franchising authority and the grantee to the use thereof for the purpose of installing, operating, repairing and maintaining the cable system. "Public way" shall also mean any easement now or hereafter held by the franchising authority within the service area for the purpose of public travel, or for utility or public service use dedicated for compatible uses, and shall include other easements or rights-of-way as shall, within their proper use and meaning, entitle the franchising authority and the grantee to the use thereof for the purposes of installing or transmitting the grantee's cable service or other service over poles, wires, cables, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, attachments and other property as may be ordinarily necessary and pertinent to the cable system.

SERVICE AREA — The present municipal boundaries of the franchising authority, and shall include any additions thereto by annexation or other legal means.

SERVICE TIER — A category of cable service or other services provided by the grantee and for which a separate charge is made by the grantee.

SUBSCRIBER — A person or user of the cable system who lawfully receives cable services or other service therefrom with the grantee's express permission.

VIDEO PROGRAMMING — Programming provided by or generally considered comparable to programming provided by a television broadcast station.

§ A155-2. Grant of franchise.

The franchising authority hereby grants to the grantee a nonexclusive franchise which authorizes the grantee to construct and operate a cable system and offer cable service and other services in, along, among, upon, across, above, over, under or in any manner connected with public ways within the service area and for that purpose to erect, install, construct, repair, replace, reconstruct, maintain or retain in, on, over, under, upon, across or along any public way and all extensions thereof and additions thereto such poles, wires, cables, conductors, ducts, conduits, vaults, manholes, pedestals, amplifiers, appliances, attachments and other related property or equipment as may be necessary or appurtenant to the cable system.

§ A155-3. Term of franchise.

2. Editor's Note: Resolution 5-12-1992, adopted 5-12-1992, approved the transfer of the cable television franchise from CMA Cablevision Associates V, L.P., to Suburban Cable TV Co., Inc.

The franchise granted pursuant to this ordinance shall be for an initial term of fifteen (15) years from the effective date of the franchise as set forth in § A155-4, unless otherwise lawfully terminated in accordance with the terms of this ordinance.

§ A155-4. Acceptance and effective date.

Subject to the acceptance by the grantee, the effective date of this ordinance shall be the fifth day after its passage and final adoption.

§ A155-5. Favored nations.

In the event that the franchising authority enters into a franchise, permit, license, authorization or other agreement of any kind with any other person or entity other than the grantee to enter into the franchising authority's streets and public ways for the purpose of constructing or operating a cable system or providing cable service to any part of the service area, the material provisions thereof shall be reasonably comparable to those contained herein, in order that one (1) operator not be granted an unfair competitive advantage over another and to provide all parties equal protection under the law.

§ A155-6. Conditions of street occupancy.

All transmission and distribution structures, poles, other lines and equipment installed or erected by the grantee pursuant to the terms hereof shall be located so as to cause a minimum of interference with the proper use of public ways and with the rights and reasonable convenience of property owners who own property that adjoins any of said public ways.

§ A155-7. Restoration of public ways.

If during the course of the grantee's construction, operation or maintenance of the cable system there occurs a disturbance of any public way by the grantee, it shall, at its expense, replace and restore such public way to a condition reasonably comparable to the condition of the public way existing immediately prior to such disturbance.

§ A155-8. Relocation requests by franchising authority.

Upon its receipt of reasonable advance notice, not to be less than five (5) business days, the grantee shall, at its own expense, protect, support, temporarily disconnect, relocate in the public way or remove from the public way any property of the grantee when lawfully required by the franchising authority by reason of traffic conditions, public safety, street abandonment, freeway and street construction, change or establishment of street grade, installation of sewers, drains, gas or water pipes or any other type of structures or improvements by the franchising authority, but the grantee shall in all cases have the right of abandonment of its property. If public funds are available to any company using such street, easement or right-of-way for the purpose of defraying the cost of any of the foregoing, such funds shall also be made available to the grantee.

§ A155-9. Third-party requests to relocate.

The grantee shall, on the request of any person holding a building moving permit issued by the franchising authority, temporarily raise or lower its wires to permit the moving of such building,

provided that the expense of such temporary raising or lowering of wires is paid by said person, including, if required by the grantee, making such payment in advance and that the grantee is given not less than ten (10) business days' advance written notice to arrange for such temporary wire changes.

§ A155-10. Trimming of trees and shrubbery.

The grantee shall have the authority to trim trees or other natural growth overhanging any of its cable system in the service area so as to prevent branches from coming in contact with the grantee's wires, cables or other equipment.

§ A155-11. Use of equipment by franchising authority.

Subject to any applicable state or federal regulations or tariffs, the franchising authority shall have the right to make additional use, for any public purpose, of any poles or conduits controlled or maintained exclusively by or for the grantee in any public way, provided that such use by the franchising authority does not interfere with a current or future use by the grantee, that the franchising authority holds the grantee harmless against and from all claims, demands, costs or liabilities of every kind and nature whatsoever arising out of such use of said poles or conduits, including but not limited to reasonable attorneys' fees and costs, and that, at grantee's sole discretion, the franchising authority may be required either to pay a reasonable rental fee or otherwise reasonably compensate the grantee for the use of such poles, conduits or equipment; provided, however, that the grantee agrees that such compensation or charge shall not exceed those paid by it to public utilities pursuant to the applicable pole-attachment agreement or other authorization relating to the service area.

§ A155-12. Safety requirements.

The construction, installation and maintenance of the cable system shall be performed in an orderly and workmanlike manner. All such work shall be performed in substantial accordance with applicable FCC or other federal, state and local regulations. The cable system shall not unreasonably endanger or interfere with the safety of persons or property in the service area.

§ A155-13. Aerial and underground construction.

In those areas of the service area where all of the transmission or distribution facilities of the respective public utilities providing telephone communications and electric services are underground, the grantee likewise shall construct, operate and maintain all of its transmission and distribution facilities underground, provided that such facilities are actually capable of receiving the grantee's cable and other equipment without technical degradation of the cable system's signal quality. In those areas of the service area where the transmission or distribution facilities of the respective public utilities providing telephone communications and electric services are both aerial and underground, the grantee shall have the sole discretion to construct, operate and maintain all of its transmission and distribution facilities, or any part thereof, aerially or underground. Nothing contained in this section shall require the grantee to construct, operate and maintain underground any ground-mounted appurtenances such as subscriber taps, line extenders, system passive devices (splitters, directional couplers), amplifiers, power supplies, pedestals or other related equipment. Notwithstanding anything to the contrary contained in this

section, in the event that all of the transmission or distribution facilities of the respective public utilities providing telephone communications and electric services are placed underground after the effective date of this ordinance, the grantee shall only be required to construct, operate and maintain all of its transmission and distribution facilities underground if it is given reasonable notice and access to the public utilities' facilities at the time that such are placed underground.

§ A155-14. Extension of services.

The cable system, as constructed as of the date of the passage and final adoption of this ordinance, substantially complies with the material provisions hereof. The grantee is hereby authorized to extend the cable system as necessary, as desirable or as required pursuant to the terms hereof within the service area. Whenever the grantee shall receive a request for service from at least fifteen (15) subscribers within one thousand three hundred twenty (1,320) cable-bearing strand feet [one-fourth (1/4) cable mile] of its trunk or distribution cable, it shall extend its cable system to such subscribers at no cost to said subscribers for system extension, other than the usual connection fees for all subscribers, provided that such extension is technically feasible, and if it will not adversely affect the operation, financial condition or market development of the cable system, or as provided for under § A155-15 of this ordinance.

§ A155-15. Fee for certain service extensions.

No subscriber shall be refused service arbitrarily. However, for unusual circumstances, such as a subscriber's request to locate his cable drop underground, existence of more than one hundred fifty (150) feet of distance from the distribution cable to connection of service to subscribers or a density of less than fifteen (15) subscribers per one thousand three hundred twenty (1,320) cable-bearing strand feet of trunk or distribution cable, cable service or other service may be made available on the basis of a capital contribution in aid of construction, including the cost of material, labor and easements. For the purpose of determining the amount of capital contribution in aid of construction to be borne by the grantee and subscribers in the area in which cable service may be expanded, the grantee will contribute an amount equal to the construction and other costs per mile, multiplied by a fraction whose numerator equals the actual number of potential subscribers per one thousand three hundred twenty (1,320) cable-bearing strand feet of its trunks or distribution cable, and whose denominator equals fifteen (15) subscribers. Potential subscribers will bear the remainder of the construction and other costs on a pro rata basis. The grantee may require that the payment of the capital contribution in aid of construction borne by such potential subscribers be paid in advance.

§ A155-16. Service to public buildings.

The grantee shall provide without charge one (1) outlet of basic service to the franchising authority's office building(s), fire station(s), police station(s) and public school building(s) that are passed by its cable system. The outlets of basic service shall not be used to distribute or sell cable services in or throughout such buildings, nor shall such outlets be located in common or public areas open to the public. Users of such outlets shall hold the grantee harmless from any and all liability or claims arising out of their use of such outlets, including but not limited to those arising from copyright liability. Notwithstanding anything to the contrary set forth in this section, the grantee shall not be required to provide an outlet to such buildings where the drop

line from the feeder cable to said buildings or premises exceeds one hundred fifty (150) cable feet, unless it is technically feasible and so long as it will not adversely affect the operation, financial condition or market development of the cable system to do so, or unless the appropriate governmental entity agrees to pay the incremental cost of such drop line in excess of one hundred fifty (150) cable feet. In the event that additional outlets of basic service are provided to such buildings, the building owner shall pay the usual installation fees associated therewith, including but not limited to labor and materials. Upon the request of the grantee, the building owner may also be required to pay the service fees associated with the provision of basic service and the additional outlets relating thereto.

§ A155-17. Emergency override.

In the case of any emergency or disaster, the grantee shall, upon request of the franchising authority, make available its facilities for the franchising authority to provide emergency information and instructions during the emergency or disaster period. The franchising authority shall hold the grantee, its agents, employees, officers and assigns hereunder harmless from any claims arising out of the emergency use of its facilities by the franchising authority, including but not limited to reasonable attorney's fees and costs.

§ A155-18. Franchise fee.

- A. The grantee shall pay to the franchising authority a franchise fee equal to three percent (3%) of gross revenues (as defined in § A155-1 of this franchise) received by the grantee from the operation of the cable system on an annual basis; provided, however, that the grantee may credit the following against any such payments:
- (1) Any tax, fee or assessment of any kind imposed by the franchising authority or other governmental entity on a cable operator or subscriber, or both, solely because of their status as such;
 - (2) Any tax, fee or assessment of general applicability which is unduly discriminatory against cable operators or subscribers (including any such tax, fee or assessment imposed both on utilities and cable operators and their services); and
 - (3) Any other special tax, assessment or fee, such as business, occupation and entertainment taxes.
- B. For the purpose of this section, the twelve (12) month period applicable under the franchise for the computation of the franchise fee shall be a calendar year, unless otherwise agreed to in writing by the franchising authority and grantee. The franchise fee payment shall be due and payable ninety (90) days after the close of the preceding calendar year. Each payment shall be accompanied by a certified report from a certified public accountant (CPA) showing the basis for the computation. In no event shall the franchise fee payments required to be paid by the grantee exceed five percent (5%) of the gross revenues received by the grantee in any twelve (12) month period.
- C. Limitation on franchise fee actions. The period of limitation for recovery of any franchise fee payable hereunder shall be five (5) years from the date on which payment by the grantee is due. Unless within five (5) years from and after said payment due date the

franchising authority initiates a lawsuit for recovery of such franchise fees in a court of competent jurisdiction, such recovery shall be barred, and the franchising authority shall be stopped from asserting any claims whatsoever against the grantee relating to any such alleged deficiencies.

§ A155-19. Rates and charges.

- A. The franchising authority may not regulate the rates for the provision of cable service and other services, including but not limited to ancillary charges relating thereto, except as expressly provided herein and except as authorized pursuant to federal and state law, including but not limited to the Cable Act and FCC rules and regulations relating thereto. From time to time, and at any time, the grantee has the right to modify its rates and charges, including but not limited to the implementation of additional charges and rates; provided, however, that the grantee shall give notice to the franchising authority of any such modifications or additional charges thirty (30) days prior to the effective date thereof.
- B. In the event that basic service rate increases are subject to the approval of the franchising authority, the grantee may, at its discretion and without consent of the franchising authority, increase rates relating to the provision of basic service by an amount which is at least equal to five percent (5%) per year.

§ A155-20. Renewal of franchise.

- A. The franchising authority and the grantee agree that any proceedings undertaken by the franchising authority that relate to the renewal of the grantee's franchise shall be governed by and comply with the provisions of Section 626 of the Cable Act (as such existed as of the effective date of the Cable Act), unless the procedures and substantive protection set forth therein shall be deemed to be preempted and superseded by the provisions of any subsequent provision of federal or state law.
- B. In addition to the procedures set forth in said Section 626(a), the franchising authority agrees to notify the grantee of its preliminary assessments regarding the identity of future cable-related community needs and interests, as well as the past performance of grantee under the then-current franchise term. The franchising authority further agrees that such a preliminary assessment shall be provided to the grantee prior to the time that the four (4) month period referred to in Subsection (c) of Section 626 is considered to begin. Notwithstanding anything to the contrary set forth in this section, the grantee and franchising authority agree that at any time during the term of the then-current franchise, while affording the public appropriate notice and opportunity to comment, the franchising authority and grantee may agree to undertake and finalize negotiations regarding renewal of the then-current franchise, and the franchising authority may grant a renewal thereof. The grantee and the franchising authority consider the terms set forth in this section to be consistent with the express provisions of Section 626 of the Cable Act. A reproduction of Section 626 of the Cable Act, as such existed as of the effective date of the Cable Act, is attached hereto as Schedule 1 and incorporated herein by this reference.³

3. Editor's Note: Schedule 1 is on file and available for inspection in the Township Secretary's office.

§ A155-21. Sale of franchise.

- A. Except to the extent expressly required by federal or state law, if a renewal or extension of the grantee's franchise is denied or the franchise is lawfully terminated, and the franchising authority either lawfully acquires ownership of the cable system or by its actions lawfully effects a transfer of ownership of the cable system to another party, any such acquisition or transfer shall be at a fair market value, determined on the basis of the cable system valued as a going concern.
- B. The grantee and franchising authority agree that in the case of a lawful revocation of the franchise at the grantee's request, which shall be made in its sole discretion, the grantee shall be given a reasonable opportunity to effectuate a transfer of its cable system to a qualified third party. The franchising authority further agrees that, during such a period of time, it shall authorize the grantee to continue to operate pursuant to the terms of its prior franchise; however, in no event shall such authorization exceed a period of time greater than six (6) months from the effective date of such revocation. If, at the end of that time, the grantee is unsuccessful in procuring a qualified transferee or assignee of its cable system which is reasonably acceptable to the franchising authority, the grantee and franchising authority may avail themselves of any rights they may have pursuant to federal or state law; it being further agreed that the grantee's continued operation of its cable system during the six (6) month period shall not be deemed to be a waiver or an extinguishment of any rights of either the franchising authority or the grantee. Notwithstanding anything to the contrary set forth in this section, neither the franchising authority nor the grantee shall be required to violate federal or state law.

§ A155-22. Transfer of franchise.

The grantee's right, title or interest in the franchise shall not be sold, transferred, assigned or otherwise encumbered, other than to an affiliate, without the prior consent of the franchising authority, such consent not to be unreasonably withheld. No such consent shall be required, however, for a transfer in trust, by mortgage, by other hypothecation or by assignment of any rights, title or interest of the grantee in the franchise or cable system in order to secure indebtedness.

§ A155-23. Testing for compliance; payment of costs.

The franchising authority may perform technical tests of the cable system during reasonable times and in a manner which does not unreasonably interfere with the normal business operations of the grantee or the cable system in order to determine whether or not the grantee is in compliance with the terms hereof and applicable state or federal laws. Except in emergency circumstances, such tests may be undertaken only after giving the grantee reasonable notice thereof, not to be less than two (2) business days, and providing a representative of the grantee an opportunity to be present during such tests. In the event that such testing demonstrates that the grantee has substantially failed to comply with a material requirement hereof, the reasonable costs of such test shall be borne by the grantee. In the event that such testing demonstrates that the grantee has substantially complied with such material provisions hereof, the costs of such testing shall be borne by the franchising authority. Except in emergency circumstances, the franchising authority agrees that such testing shall be undertaken no more than two (2) times a

year in the aggregate and that the results thereof shall be made available to the grantee upon the grantee's request.

§ A155-24. Books and records; confidentiality.

The grantee agrees that the franchising authority may review such of its books and records, during normal business hours and on a nondisruptive basis, as is reasonably necessary to monitor compliance with the terms hereof. Such records shall include but shall not be limited to any public records required to be kept by the grantee pursuant to the rules and regulations of the FCC. Notwithstanding anything to the contrary set forth herein, the grantee shall not be required to disclose information which it reasonably deems to be proprietary or confidential in nature. The franchising authority agrees to treat any information disclosed by the grantee to it as confidential and only to disclose it to employees, representatives and agents thereof that have a need to know, or in order to enforce the provisions hereof.

§ A155-25. Liability insurance.

The grantee shall maintain in full force and effect, as its own cost and expense, during the term of the franchise, comprehensive general liability insurance in the amount of one million dollars (\$1,000,000) combined single limit for bodily injury and property damage. Said insurance shall designate the franchising authority as an additional insured. Such insurance shall be noncancelable except upon thirty (30) days' prior written notice to the franchising authority.

§ A155-26. Indemnification.

The grantee agrees to indemnify, save and hold harmless and defend the franchising authority, its officers, boards and employees from and against any liability for damages and for any liability or claims resulting from property damage or bodily injury (including accidental death) which arise out of the grantee's construction, operation or maintenance of its cable system, including but not limited to reasonable attorney's fees and costs.

§ A155-27. Bonds and surety.

Except as expressly provided herein, the grantee shall not be required to obtain or maintain bonds or other surety as a condition of being awarded the franchise or continuing its existence. The grantee and franchising authority recognize that the costs associated with bonds and other surety may ultimately be borne by the subscribers in the form of increased rates for cable services. In order to minimize such costs, the franchising authority agrees to require bonds and other surety only in such amounts and during such times as there is a reasonably demonstrated need therefor. The franchising authority agrees that in no event, however, shall it require a bond or other related surety in an aggregate amount greater than ten thousand dollars (\$10,000), conditioned upon the substantial performance of the material terms, covenants and conditions of the franchise. Initially, no bond or other surety will be required. In the event that one is required in the future, the franchising authority agrees to give the grantee at least sixty (60) days' prior written notice thereof, stating the exact reason for the requirement. Such reason must demonstrate a change in the grantee's legal, financial or technical qualifications which would materially prohibit or impair its ability to comply with the terms of the franchise or afford compliance therewith.

§ A155-28. Notice of violation.

In the event that the franchising authority believes that the grantee has not complied with the terms of the franchise, it shall notify the grantee in writing of the exact nature of the alleged noncompliance.

§ A155-29. Remedy or response to notification.

The grantee shall have thirty (30) days from receipt of the notice described in § A155-28 to respond to the franchising authority contesting the assertion of noncompliance, or to cure such default, or, in the event that, by the nature of default, such default cannot be cured within the thirty (30) day period, initiate reasonable steps to remedy such default and notify the franchising authority of the steps being taken and the projected date that they will be completed.

§ A155-30. Public hearing.

In the event that the grantee fails to respond to the notice described in § A155-28 pursuant to the procedures set forth in § A155-29, or in the event that the alleged default is not remedied within sixty (60) days after the grantee is notified of the alleged default pursuant to § A155-28, the franchising authority shall schedule a public meeting to investigate the default. Such public meeting shall be held at the next regularly scheduled meeting of the franchising authority which is scheduled at a time which is no less than five (5) business days therefrom. The franchising authority shall notify the grantee of the time and place of such meeting and provide the grantee with an opportunity to be heard.

§ A155-31. Enforcement of franchise.

- A. Subject to applicable federal and state law, in the event that the franchising authority, after such meeting, determines that the grantee is in default of any provision of the franchise, the franchising authority may:
- (1) Foreclose on all or any part of any security provided under this franchise, if any, including, without limitation, any bonds or other surety; provided, however, that the foreclosure shall only be in such a manner and in such amount as the franchising authority reasonably determines is necessary to remedy the default.
 - (2) Commence an action at law for monetary damages or seek other equitable relief.
 - (3) In the case of a substantial default of a material provision of the franchise, declare the franchise agreement to be revoked.
 - (4) Seek specific performance of any provision which reasonably lends itself to such remedy, as an alternative to damages.
- B. The grantee shall not be relieved of any of its obligations to comply promptly with any provision of the franchise by reason of any failure of the franchising authority to enforce prompt compliance.

§ A155-32. Liability.

The grantee shall not be held in default or noncompliance with the provisions of the franchise, or suffer any enforcement or penalty relating thereto, where such noncompliance or alleged defaults are caused by strikes, acts of God, power outages or other events reasonably beyond its ability to control.

§ A155-33. Incorporation of documents.

The following documents shall be incorporated herein by this reference, and in the case of a conflict or ambiguity between or among them, the document of latest date shall govern:

- A. Any enabling ordinance in existence as of the date hereof; and
- B. Any franchise agreement between the grantee and franchising authority reflecting the renewal of the franchise, if any.

§ A155-34. Preemption.

If the FCC or any other federal or state body or agency shall now or hereafter exercise any paramount jurisdiction over the subject matter of the franchise, then to the extent such jurisdiction shall preempt and supersede or preclude the exercise of the like jurisdiction by the franchising authority, the jurisdiction of the franchising authority shall cease and no longer exist.

§ A155-35. Actions by franchising authority.

In any action by the franchising authority or representative thereof mandated or permitted under the terms hereof, such party shall act in a reasonable, expeditious and timely manner. Furthermore, in any instance where approval or consent is required under the terms hereof, such approval or consent shall not be unreasonably withheld.

§ A155-36. Notices.

- A. Unless expressly otherwise agreed between the parties, every notice or response to be served upon the franchising authority or grantee shall be in writing and shall be deemed to have been duly given to the required party five (5) business days after having been posted in a properly sealed and correctly addressed envelope by certified or registered mail, postage prepaid, at a post office or branch thereof regularly maintained by the United States Postal Service.
- B. The notices or responses to the franchising authority shall be addressed as follows: North Londonderry Township, 655 East Ridge Road, Palmyra, Pennsylvania 17078.
- C. The notices or responses to the grantee shall be addressed as follows: CMA Cablevision Associates V, L.P., 320 West College Avenue, Pleasant Gap, Pennsylvania 18623, with a copy to: CMA Cablevision Associates V, L.P., P.O. Box 90, State College, Pennsylvania 16801.⁴
- D. The franchising authority and the grantee may designate such other address or addresses

4. Editor's Note: Resolution 5-12-1992, adopted 5-12-1992, approved the transfer of the cable television franchise from CMA Cablevision Associates V.L.P., to Suburban Cable TV Co., Inc.

from time to time by giving notice to the other.

§ A155-37. Section titles.

The captions to sections contained herein are intended solely to facilitate the reading thereof. Such captions shall not affect the meaning or interpretation of the test herein.

§ A155-38. Severability.

If any section, sentence, paragraph, term or provision hereof is determined to be illegal, invalid or unconstitutional by any court of competent jurisdiction or by any state or federal regulatory authority having jurisdiction thereof, such determination shall have no effect on the validity of any other section, sentence, paragraph, term or provision hereof, all of which will remain in full force and effect for the term of the franchise or any renewal or renewals thereof.
